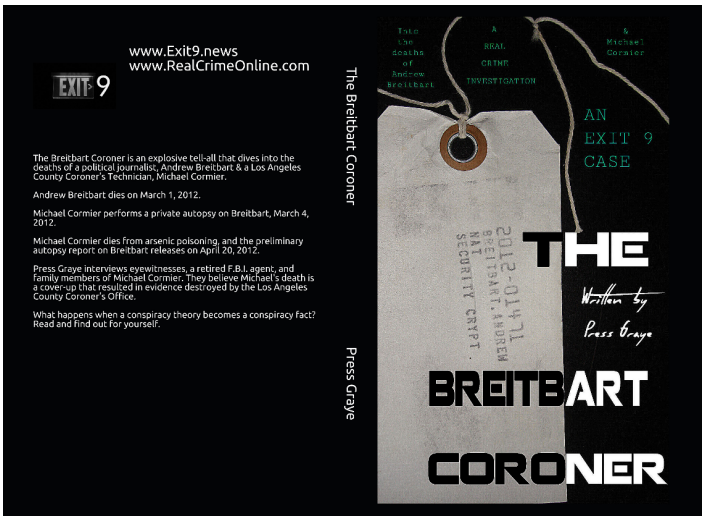
The Breitbart Toe Tag PART III: (Still Hating Breitbart)

EXIT 9 Investigations: Series 1 – The Breitbart Toe Tag Part III: (Still Hating Breitbart)

THE BREITBART CORONER BOOK IS NOW AVAILABLE



Suspicious deaths; corruption; the use of poison; this case has all the similarities of a classic spy film. Andrew Breitbart's influence among the right-wing consciousness during the time period of 2009-2012 should not be ignored when it comes to our current cycle of politics. EXIT 9 has aligned Andrew Breitbart's Twitter timeline with other facts – creating a clear look at his life near the end of his physical presence on earth, and piecing together the crime scene with key details from the investigation.

Andrew's sense of humor was a quality mentioned by people who knew him best. Fox News commentator and comedian Greg Gutfeld has **stated**:

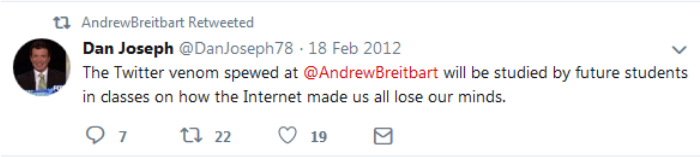
"**First, Andrew was one of the deepest, funniest, smartest individuals I've ever met — and the world deserves to know him. Most people know of my relationship with A.B. — though I don't talk about it much unless I'm asked.**"

This same humor was prevalent on Twitter for targeting trolls, Breitbart retweeted every critique, slur, and threat geared towards him – a defense tactic that Breitbart contributed to so he could show the true side of what he deemed "**Internet Comment Infiltration**" of the left. His Twitter-timeline resembles the hateful YouTube comments often found on videos featuring Breitbart. There's even a bot dedicated to him on Twitter, each day it reminds it's followers that "**Andrew Breitbart is dead.**"

"Bots"

In-reality – Breitbart wouldn't have minded the hate; this is the same man who caused a firestorm after Senator Ted Kennedy's

death when he tweeted that Ted Kennedy was a "**pile of human excrement**" and filmed an infamous documentary under the title of "Hating Breitbart." There's even a Retweet on Andrew Breitbart's timeline that captures the amount of passionate hate geared towards him, and how it would be "**studied by future students.**"



And let's not only take a look at the hateful propaganda fueled towards him before his death – people are still providing Andrew Breitbart's Twitter account with a barrage of comments aimed at discrediting his ideology.

What does this say about Andrew Breitbart's death? A lot. This clearly shows a motive that he had enough people threatening his existence, providing substance to the suspicions regarding his untimely passing.

TWEET TACTICS OF ANDREW BREITBART

Andrew Breitbart consistently took on the Democrats and the establishment of the

Left; he was an outspoken critic of the hypocrisy that the mainstream media showed towards liberals compared to conservatives. He often tweeted against Hillary Clinton, John Podesta, Barack Obama, David Brock, and liberal-minded journalists, just to name a few.

“The Left’s hypocrisy.”

“John Podesta & David Brock”

Breitbart’s tweets often targeted John Podesta. John Podesta is President Clinton’s former Chief of Staff and was Hillary Clinton’s campaign manager for her failed Democratic candidacy for the 2016 Presidential election. He would later be front-and-center of an email hack released by WikiLeaks in 2016 and exposed for strange email correspondence within the Clinton staff – including one particular email that led to the conspiracy theory known as “PizzaGate.”

PizzaGate is a theory that relays between James Alefantis (owner of Comet Ping Pong Pizzeria) and his connection to Hillary Clinton’s campaign (through fundraisers), his connection to David Brock (his former lover and Democratic operative) and John and Tony Podesta, both friends and art aficionados. The theory states that “**children are being exploited by the Democratic-side of politics**.” We won’t dive into that here (EXIT 9I is

merely**showing a connection of between the individuals**) below you can clearly see physical evidence linking the five of them to the association (**Hillary Clinton, James Alefantis, David Brock, John, and Tony Podesta**).

David Brock

James Alefantis and David Brock

Breitbart regularly took on **David Brock; a Liberal political operative**who founded Media Matters for America and with the help of George Soros in 2010 created a **Super PAC for Hillary Clinton** and other Democratic candidates. David Brock's tactics are considered "**aggressive**" as he employs **Bots and Trolls** to conduct "**Internet Comment Infiltration."** In 2012 he was **blackmailed** by an ex-lover for $850,000 in-regards to crucial information of Donors and IRS documents he had on Media Matters for America.

David Brock also orchestrated a digital attack towards the **Bernie Sanders campaign** – this resulted in discrediting and engaging within Pro-Bernie Sanders groups on Facebook to bring-forth their Pro-Hillary Clinton efforts. Brock has recently been connected to a campaign where he used **$700,000** to**fund women who had sexual assault claims against President Trump**.

Below are tweets from 2010, 2011 & 2012 about John Podesta and David Brock's Media Matters for America.

"Rape within the Left"

Occupy Wallstreet was a series of protests starting on September 17, 2011, held by Pro-Democratic supporters in response to the Tea Party's movement. The real reason the demonstrations took place was to rail against the financial system; Occupy was openly supported by then-President Obama. Several rapes took place, one during Occupy Glasgow and another during Occupy Cleveland.

TIMELINE OF ANDREW BREITBART

THURSDAY, FEBRUARY 9, 2012

Andrew Breitbart **proclaimed** on February 9, 2012, at the 2012 **Blog Bash/CPAC Party** to Larry Sinclair of**Sinclair News about the Obama video(s)**:

"**Wait 'til they see what happens March 1st**."

(***Larry Sinclair & Andrew Breitbart***)

*Side Note: Larry Sinclair is the same man who made accusations against then-Senator Obama in 2008 — he claimed to have performed oral sex and took cocaine with Obama in the late '90s. His televised press conference can be seen **here**.

Larry Sinclair on Andrew Breitbart:

"***Andrew's never attacked me. He's kept an open mind. He says I'm either the most psychotic son of a bitch he's ever met or I'm 100 percent telling the truth.***"

FRIDAY, FEBRUARY 10, 2012

Andrew Breitbart gave a passionate speech at CPAC and made a shocking statement about President Obama and the upcoming election:

"**I've got video from his college days that show you why racial division and class warfare are central to what hope and change were sold in 2008… the videos are going to come out**."

WEDNESDAY, FEBRUARY 29, 2012

On the night of February 29th, 2012, Breitbart arrived at a Los Angeles hotspot called the *Brentwood*. He mostly kept to himself, tweeting back at other Twitter users and sipping on red wine. A random conversation sparked with marketing executive **Arthur Sando**about the current state of politics.

Andrew Breitbart engaged with Trolls on twitter. This account registered to "**Jacob Rice**" was created the night of the 29th (**it says "joined March 2012" because of the east coast/west coast time difference**), as it was strictly made to Tweet at Andrew Breitbart – stopping only once he's dead. He even makes an attempt to tweet at @AnonyOps about participating in "**Ground Ops.**"

"Trolls"

Referring to Trolls: "***I hope they pay well.***"

February 29, 2012, At 8:32 pm, Andrew Breitbart tweeted to a Troll – more than likely referring to the Obama video(s) he was to release on March 1.

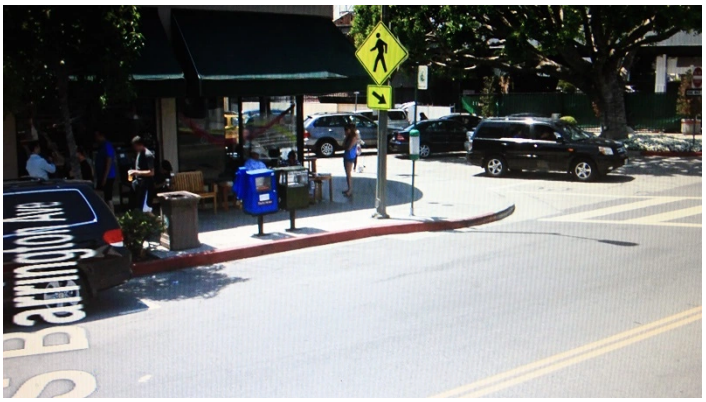
Andrew Breitbart's last tweet is a retweet of the account that Jacob Rice had tweeted to about joining "**Ground Ops.**"

Breitbart finished his conversation with Arthur Sando – he then made paid his bill and headed home around 11:30 p.m.

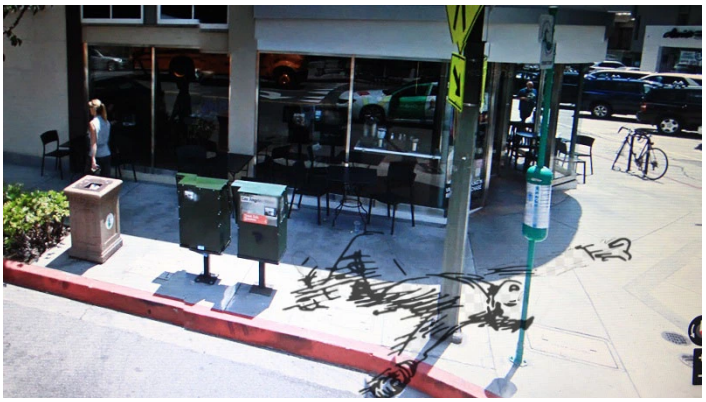
Breitbart exited the bar.

He started to cross the street.

He was headed to the parking lot adjacent to Starbucks.



He approached the curb and collapsed; his head landing near an electrical box on the sidewalk and his feet near the two newspaper stands.



An eyewitness (**Christopher Lasseter**) to the death of Andrew Breitbart described the scene to investigative journalist **Paul Huebl** and was published on **WND.**

(Christopher Lasseter)

"There was a thick white band around his forehead all the way around his hairline, bright red face, thick, thick white band – made me make a double-take."

What are the motives for killing Andrew Breitbart?

Election season 2012

Hillary Clinton 2016

Andrew Breitbart was a mouthpiece that wouldn't shut up and a force to be reckoned

with. There's no doubt that the Democrats viewed him as a threat to society, a "**domestic conservative terrorist**" of sorts as the Left would have considered it. Andrew Breitbart was not only active on Twitter, we showcased his Twitter timeline to give a better insight on how he used the platform. He was also known for his documentaries "**Hating Breitbart**" and "**Occupied Unmasked**."

The 2012 election was crucial to President Obama and any controversial video(s) would've been a steep downfall, especially equipped with Breitbart's media platforms and his agenda for producing media to discredit the left – according to a source – a documentary on President Obama in 2012 was planned, and would've included the **Professor Bell "Race Video"** and potentially others. As you can see in his Tweets, he viciously went after the Democrats biggest players, all by himself.

Could Breitbart's death be the first instance of a political-based murder committed by an online Troll, or an operative acting in the interest of one of the many online groups geared toward attacking Conservative leaders?

We only ask these questions, not solely based on A**ndrew Breitbart's death and the testing of cyanide**, but on the**discrepancies told by the LA Coroner's Office regarding the death and connection of Michael Cormier to Andrew Breitbart's autopsy**.

Before his death, Andrew Breitbart met with **Sheriff Arpaio** regarding Obama's birth certificate; Breitbart was to released the "**Obama video(s)**" on March 1, and he also planned-on "**Vetting**" President Obama's roots – something that had not

been done successfully by the mainstream media. On May 17, 2012, Breitbart News released an article showing that President Obama's own literary agency stated that he was born in Kenya; an error committed by a literary editor at-the-time. Andrew Breitbart would've used this information to attack Obama's 2012 reelection chances.

Barack Obama

Barack Obama, the first African-American president of the Harvard Law Review, was born in Kenya and raised in Indonesia and Hawaii. The son of an American anthropologist and a Kenyan finance minister, he attended Columbia University and worked as a financial journalist and editor for Business International Corporation. He served as project coordinator in Harlem for the New York Public Interest Research Group, and was Executive Director of the Developing Communities Project in Chicago's South Side. His commitment to social and racial issues will be evident in his first book, *Journeys in Black and White*.

The videos below are more proof that Andrew Breitbart was a threat to those who he went to war with.

We are not finished with this investigation; the remainder of the case will be published in the upcoming book "The Breitbart Toe Tag (The Connection of Michael Cormier & Andrew Breitbart).
